Charging Policy

Charges for School Activities

Legislation allows schools to charge for certain activities, which take place both inside and outside, school hours. Norfolk County Council has adopted a policy, which it recommends to governors, but it is for governors of schools to decide whether or not to follow the policy. The School's charging policy must be described in its brochure, which can be obtained from the school.

If your son or daughter's school governors follow the County Council's charging policy, these are the activities and materials for which you will be charged:

- Music tuition: individual tuition in playing a musical instrument, which is neither part of the syllabus for an approved public examination, nor part of the National Curriculum. Schools may charge for instrumental tuition given to groups of no more than four pupils.
- Ingredients and materials: ingredients and materials for practical subjects where parents have indicated in advance that they wish to receive the finished articles.
- Travel: the cost of travel when a pupil makes use of transport not provided by the authority or school, to travel direct from home to an activity approved of, but not provided by, the authority or school.
- Board and lodging: board and lodging will be charged in all cases where a school activity involves pupils in nights away from home.

Activities outside school hours

A charge will be made for all non-residential activities, which take place wholly, or more than 50% outside school hours, where the child's participation has been agreed in advance by the parents. The charge will include the cost of travel, entrance fees, insurance, books, equipment and any staff (teaching or non-teaching) engaged specifically for the activity.

Residential trips outside school hours - a residential trip is deemed to take place outside school hours if the number of 'missed' school sessions is less than half of the number of half days taken up by the trip. Charges will be made as described above.

Public Examinations - charges are made for the entry of a pupil for a prescribed examination for which he/she has not been prepared by the school, or where the pupil entered for examinations in the same subject with two examination boards.

Remission of charges - only parents who are in receipt of Income Support, Working Families' Credit, Disabled Person's Tax Credit or Income Based Job Seekers Allowance are eligible for remission of charges. Remission of charges only applies to board and lodgings charges, which are levied directly by the LEA or the school and where they relate to activities, deemed to take place wholly or partly in school hours.

Remission will not apply to such charges when they relate to activities wholly outside school hours, except if the activity is prescribed in a syllabus for a public examination, if it is prescribed by the National Curriculum or fulfils duties relating to Religious Education.

Parents who have difficulty meeting any charges should discuss the matter in confidence with the headteacher.

Appendix B

Shared Use of School Premises

Lettings Policy and Procedures

Introduction

Norfolk's policy for the shared use of school premises with the community was agreed in 1988; since then details of the policy have been worked out and procedures have been adapted to take into account the requirements of the local management of schools (LMS)

Other than in the policy statement (section 1), the word "school" is used to apply to all establishments covered by the arrangements.

The Norfolk Schools Subsidised Lettings Policy is no longer relevant as the scheme ceased on 1 April 2015. The Appendices can still be used for applications to hire school premises if required.

- ii. Conditions of Hire

1. Norfolk Policy on Hiring of School Premises – Scheme of Shared Use

- 1.1** Children's Services is wholly committed to the principle of the shared use of school, college and other educational premises to optimise the use of educational facilities.
- 1.2** Children's Services recognises that Governors and Headteachers, will develop individual guidelines to anticipate and determine the practicalities of achieving the shared use of facilities but sets out the following as a framework for the development of a policy within which all schools must work: -
 - (i) Schools, Adult Education, Integrated Youth Services, and Children's Services are complimentary elements of Norfolk County Council provision. Whilst schools will clearly be regarded as the principle and major users of their own premises, the needs of Adult Education, Integrated Youth Services, and Children's Services must also be taken in to account when determining shared use.
 - (ii) In the terms of the School Standards and Framework Act 1998, this policy framework applies to maintained schools only. However, Children's Services wishes to recommend these principles also to governors of voluntary schools.
 - (iii) Shared use of premises may only be undertaken when facilities are not directly required by students.
 - (iv) Schools should share with hirers the identification of the people responsible for the management and administration of the school's shared policy.
 - (v) Schools should agree the arrangements to be made with regular users of the premises to determine a programme for each academic year.
 - (vi) Schools should seek written assurance from groups that they have the appropriate policies and DBS checks in place to safeguard children.
 - (vii) Schools should agree the arrangements for making casual bookings.
 - (viii) Schools should agree the method of informing hirers about the conditions of use.
 - (ix) Schools should advise hirers of the arrangement for keys, if you wish any group leaders to be key holders, you must ensure that the conditions in Section 5 are met.

Failure to do this will invalidate your buildings insurance should any problems arise.

- (x) Schools should advise hirers of the security arrangements which must be followed.
- (xi) Schools should advise hirers of the arrangements if a school has to be temporarily closed.
- (xii) Schools should advise hirers of how the school will fulfil its health and safety responsibilities.

2. Charging For Shared Use of School Premises

2.1 Schools can fix their own level of charge, and are advised to charge, as a minimum, enough to cover their overheads for Caretaker costs, Energy and Wear & Tear, for use of the school premises outside of the normal school hours (deemed to be 8am – 6pm).

Caretaking staff

The payment of caretaking staff carrying out duties connected with the use of school premises, after 6.00pm Monday to Friday or at weekends, are made in accordance with National agreements. Details of this scale of payments are available from your HR contact in the Children's Services HR Team.

2.2 Polling Stations – schools may charge the returning officer any additional costs incurred by the use of their premises outside of normal school hours. Invoices should be sent to the returning offices of the appropriate council.

2.3 Parish Council Use

The Local Government Act 1972 (Part IV Section 134) allows a parish Council to use a suitable room in school premises maintained by the Local Authority free of charge at all reasonable times.

Rooms may be used at the school for parish council meetings provided there is no interference with their use for educational purposes.

Any additional costs incurred by the governors for heating, lighting and caretakers overtime, and costs of repairs to any damage, will be charged to the Parish Council.

2.4 The groups below should be charged for use of school premises outside of the normal school hours and be invoiced direct:

- Adult Education
- Children's Services
 - Early Years Support Network
 - Governor Support/Network
 - Finance / ICT
 - Advisory Service - Sensory Support
 - Music Service
 - Childminding Association

3. Use of School Premises by Outside Bodies During School Hours

School hours are deemed to be 8.00 a.m. to 6.00 p.m.

There are a number of examples of schools making part of their premises available to outside bodies during the school day. Such arrangements apply to pre-school playgroups, community uses etc. The following summarises the principles, which should apply to use.

- Any use of school premises by outside bodies during the school day should be carefully managed so as not to inhibit the smooth running of the establishment. The fundamental purpose of any school is to ensure the proper education of its pupils.
- Children's Services already provides funding for use of the premises during the school day.
- Where a school wishes to arrange a long-term use for part of its premises by a third party, then negotiation and the arrangement for a lease will be made through Children's Services – Transfer of Control Agreement.
- Shared use that takes place during the school day should only be charged for the additional costs incurred, which should be marginal, and any charge should only include specific additional costs that the school can identify. If such costs are identified these should form the basis of discussion with the hirer about an appropriate charge.

4. Application for Hire of School Premises and Conditions of Hire

Schools should ask every hirer to complete an “Application to hire school premises” form (see Annex 1) they should also be given a “Conditions of Hire” document (see Annex 2).

5. Risk & Insurance

It has been an insurance condition for several years that:

“Any loss arising as a direct result of a premises being left unsecured by a person entrusted to secure those premises, other than an employee of Norfolk County Council acting on the Council’s business, or governor of the Insured (the school), or a professional security firm, will be uninsured.”

This will cover such incidents as a theft from or vandalism inside the premises where the perpetrator did not have to break in because doors or windows had not been secured. It would also cover an incident where the hirer failed to set the intruder alarm, meaning that a break in would not be detected.

Advice

- The decision to hire on a “without caretaker” basis will be down to each individual school after assessing the potential risks they might be exposed to, and understanding the insurance condition above.
- Schools who hire on a “without caretaker” basis need to make an assessment of whether the person they are giving the key to is sufficiently competent, reliable and trustworthy that the premises will always be secured after the hire, meaning there is effectively no additional risk.
- Where possible, the hirer’s access needs to be restricted to just the part of the premises that they will need to use. Other parts of the school premises should remain secured and alarmed. An example could be sports changing rooms where the rooms have their own accessible external doors and so the rest of the school can remain locked and protected.
- Hirers must not be given intruder alarm codes or key fobs to set and unset alarm systems. It may be that the school intruder alarm can be zoned so that most of the school can remain alarmed while an unalarmed route through an area of low value contents is available for the hirer to access the relevant part of the building. In this instance, internal doors off the unalarmed route need to be locked although consideration must always be given for emergency evacuation routes.
- Consideration also needs to be given to which room or part of the building is used to allow as much as possible of the building to remain alarmed and locked.
- In the event that the only way that the hire can go ahead is if the hirer is given access to the intruder alarm system, then a decision should be made to not allow the hire.

Any school that has an issue with a “without caretaker” let can obtain further advice from the Risk and Insurance section at County Hall on 01603 224375 or email insurance@norfolk.gov.uk.

6. Conditions of Hire of Children's Services Maintained School Premises

Attention is drawn to the need for Life Guarding supervision as detailed in the pool's operating procedures. In the event of the use of a pool for other than swimming purposes ie. Canoeing or sub-aqua then the supervision should be in accordance with the requirement of the national governing body for that activity.

Copyright:

The hirer or his servants or agents shall not infringe any copyright, or performing rights and undertakes to indemnify the County Council against the costs for infringement. Where the hire involves the use of sound recordings or music is played, groups might not be covered by the licenses purchased for the school premises. Primarily groups that are linked to the school and consist of teachers, students, PTA members etc., will be covered. For other groups clarification should be sought from the relevant licensing authority prior to the premises being hired and the relevant licence purchased, if required. The School/ Lettings Officer will require from the hirer sight of the relevant licence(s) at the time of booking the premises. A licence may also be required for the performance of a dramatic or musical work. (Hirers should be warned that the use of 'home produced' tapes is illegal).

On those occasions when disabled persons are present on the premises such special arrangements as may be necessary in the circumstances shall be made so as to enable all persons to leave the premises in the event of fire.

Use of premises for over night accommodation

Premises used for overnight accommodation by Guides, Brownie groups, Boy Scouts and similar organisations, should have been previously inspected by the Fire Service to comment on the suitability of the premises for its proposed use. In addition to the above guidance, guidelines and recommendations for fire safety in premises used for temporary sleeping accommodation are set out below:

- (i) A responsible adult who is familiar with fire evacuation procedures and escape routes from the building should supervise the children's sleeping area.
- (ii) Adequate means of escape should be provided from the area used for sleeping accommodation – preferably only ground floor accommodation should be used.
- (iii) If there is no provision for emergency lighting within the sleeping area and associated escape routes, sufficient hand lamps should be provided.
- (iv) Access to the use of an exchange telephone should be maintained for emergency purposes to avoid any undue delays.
- (v) The Fire Brigade should be notified regarding temporary use of premises as an additional precautionary measure.

Damage to Property

The hirer undertakes to make good any damage to the property of the County Council caused by neglect or default of the hirer or organisation or their servants or agents (see Note concerning insurance below). In the case of damage to sports fields, e.g. by heavy vehicles, the County Grounds Maintenance Manager would be responsible for the necessary repairs and for raising the appropriate account.

Liability of Hirer

The County Council shall not be liable for any injury (including injury resulting in death) or damage to or loss of property, which shall or may occur to, or be sustained by the hirer, their assistants, servants or agents, or others entering on the property in the exercise or purported exercise of the hiring (with the exception of injury or damage as may occur by reason of the neglect of the County Council or its servants or agents acting within the scope of their authority). The hirer will indemnify and keep indemnified the County Council, its servants from and against all claims and liabilities in respect of such injury or damage and all action, proceedings, costs, damages and expenses in regard thereto and also from and against all other liability, claims, demands, proceedings, costs, damages and expenses in respect of injury to persons whomever (including injury resulting in death) and damage to and loss of property (whatsoever which may arise from, or in consequence of, the exercise or purported exercise of the hiring. (See Note below concerning insurance).

NOTE

In the particular instance of damage to the County Council's property being caused by fire, the County Councils fire insurers will deal with the case and may have a legal right of recovery from the hirer. In view of the potential liabilities in respect to damage to County Council property, however caused, and any other liabilities, hirers are advised to arrange liability insurance.

6.4 Use of the kitchen, servery and exclusive-use dining areas

Children's Services encourages the use of all kitchens, serveries and exclusive use dining rooms, but emphasises the need for close co-operation between the school and NCS staff (the catering contractors) to ensure the satisfactory provision of the catering service.

Use of, and access to, kitchen, servery and exclusive use dining areas will be at the discretion of the Governing Body, in consultation with the Headteacher, subject to:

◆ Restricted areas

Certain areas specified in the catering contract will be off limits except to the Headteacher when accompanied by a member of the contract catering staff. Such areas would normally include food and cleaning materials stores, refrigerators and freezers. These areas will normally be kept locked with the keys held by the contract caterer. The Headteacher will hold a duplicate set of all keys, in case of emergencies.

◆ Access during service times

During the service times laid down in the contract, access to all areas should normally only be allowed when: -

- ❖ There is a justifiable need.
- ❖ The catering contractor is informed.
- ❖ Access does not interfere with the contractor's service.

Access must be allowed in case of an emergency.

Users must ensure that all conditions specified in the contract are met and that areas are left in the same condition they were found. The school may incur a charge if the contractor has to clean up after use by other persons.

The Governing Body, in consultation with the Headteacher may authorise and charge for lettings subject to: -

- (i) Informing the contractor prior to the let
- (ii) Not allowing access to areas specified as restricted in the contract
- (iii) Not allowing access during the service times laid down in the contract
- (iv) Persons intending to use the cooking and washing facilities having been given prior instructions by the contractor in their safe and efficient operation. The Headteacher may, on his/her responsibility, allow use without instruction if hirers are qualified to use facilities in accordance with Health and Safety legislation
- (v) The attendance of a contractor's representative at the beginning and end of any let over 24 hours. The charge for the let should reflect the additional cost of this to the school

The charge made for the hire will be at the discretion of the Governing Body, in consultation with the Headteacher.

The Headteacher should inform the hirer that they would be charged for any additional costs caused by the let, e.g. damage, breakages or cleaning.

7. VAT and Lettings

7.1 The following chart illustrates the procedure for determining whether VAT should be charged on a letting. No VAT is charged for lettings within Norfolk County Council, this is outside the scope, VAT category (T). Letting to outside bodies when there is no VAT, because the income is exempt VAT category (E). The margin numbers refer to the notes that follow (Note 5 is at the end of section 7.2).

Notes

1. Sporting purposes includes all types of physical recreation. For example, letting a Hall for a dance counts as a sporting purpose.

2. A let is only exempt from VAT if the primary purpose is occupation of the premises (or land) rather than the use of facilities it may offer. If the facilities are incidental, e.g. use of a blackboard in a classroom, the let will be exempt. However if using the facilities is the primary purpose, VAT is chargeable. Thus VAT should be charged where a room is equipped with computers is used for a word processing class. VAT is chargeable on the use of kitchen facilities where this is the primary purpose of the let.
3. Where services are incidental to the let no VAT should be charged. Thus VAT should not be charged on the cost of cleaning a room after a let. If services additional to the right to occupy the premises are provided, VAT must be charged on these services. Examples of such services would be a lecture given by school staff, supplying a buffet or providing a car park attendant.

Admission Charges

Where the school charges admission to an event e.g. a school play, these charges are subject to VAT. Thus if a school wanted to retain £2 per person they should charge £2.40 (the 40p being the VAT at 20%). This charging by the school should be distinguished from charging by other organisers for events held at the school. (See section 4.5 on "When to charge VAT for sporting facilities").

The school can avoid charging VAT by having the event organised by a Parent's Association. Thus the school lets the premises to the PTA. This let is exempt from VAT as the PTA is charging admission to the public. The PTA will only have to charge VAT on its admission charges if its total income from trading activities exceeds £64,000 (in 2007) per year. Trading activities include all income received for the provision of goods or services by the PTA, e.g. admission to events or funds from jumble sales etc. They do not include donations. VAT incurred by the PTA on other costs associated with the event may not be recovered when it is registered for VAT.

7.2 VAT and sports facilities

The following chart illustrates the procedure for determining whether VAT should be charged on a letting of sports facilities. The margin numbers refer to the notes, which follow.

Notes

1. A let of sporting facilities for non-sporting purposes is exempt from VAT. Examples would be the let of a playing field for a fete or a gymnasium for a political meeting. Similarly, the let of sporting facilities for a sport, which those facilities were not designed, is exempt. Thus, the let of a sports hall for a dance would be exempt. However, if disco lights, mirrors etc. were put into the hall, VAT should be charged, as these facilities are designed for a dance.
2. A general-purpose hall contains no sports facilities or equipment beyond floor markings. Thus the hire of a school hall for badminton would be exempt if no equipment were provided. If nets were provided the whole let would be subject to VAT.
3. In order to be exempt the let must give continuous and exclusive use to the hirer for more than 24 hours. Thus letting a sports hall every evening for a week would not qualify, as the let is not continuous. Letting sports hall jointly to two clubs would not qualify as the let is not exclusive - both clubs should be charged VAT.
4. In order to qualify as exempt the following conditions must be met: -
 - The series must be 10 or more periods. There is no restriction on the length of the periods
 - Each period must be for playing the same sport and in the same place. A different pitch on the same playing field is acceptable
 - The interval between each period must not be less than one day or no more than two weeks
 - There must be evidence in writing of the series of lets. This must include a requirement to pay for the whole series, whether or not the facility is actually used every period. An exchange of letters or an invoice issued in advance of lets would be acceptable as evidence. A refund would not breach this condition if the facility were not available due to an unforeseen circumstance, e.g. a flooded football pitch
 - The let must be to a school, club or association
 - As with a let over 24 hours, the let must be exclusive
5. **Provision of services** - If services are incidental, e.g. floodlights, showers or changing rooms, they are treated as part of the whole let. Thus if the let is subject to VAT so are the services. If the let is exempt so are the services. If separate services are supplied, VAT must be charged on these as described in Note 4 of section 8.1 "When to charge VAT on lettings".

Appendix C

BAD DEBT POLICY

1. Wherever possible, income due will be collected before or at the time the relevant sale or service is provided. Where this is not possible, an invoice will be raised for immediate payment.

2. All debts will be recorded and non-payment will be followed up by issuing reminders as outlined below. Where a service is being provided, this will cease immediately (unless, in the case of parents/carers owing money over the threshold of £60 a payment plan has been agreed with the Headteacher) and the debtor will be informed of this in writing. The service will not be reinstated until the debt is cleared and payment of future services is made in advance.
 - 3 weeks from date of invoice - 1st reminder
 - 6 weeks from date of invoice - 2nd reminder
 - 9 weeks from date of invoice - final reminder

The final reminder will be sent by recorded delivery and threatens legal action if the account is not settled within 14 days.

3. After 14 days, where a debt is still outstanding, legal action will be considered and the debtor will be informed of this in writing. The debt may be referred to the County Legal Services, where appropriate.
4. Legal action will not be taken for debts under £50.
5. If, after every effort has been made to collect the debt and legal action is considered impractical or has been unsuccessful, individual bad (irrecoverable) debts may be written off in accordance with the following procedures:
 - those up to the value of £100 to be approved by the headteacher and reported to the next meeting of the governing body
 - those exceeding £100 and up to the value of £500 to be referred to the governing body for approval, either directly or after consideration by the finance committee
 - those exceeding £500 to be referred to the Head of Children's Services (Finance & ICT) (as per the Norfolk Scheme for Financing Schools)
6. The VAT element of any debt must not be written off as this contravenes HM Customs and Excise statutory requirements.

Appendix D

Redundant Equipment Policy

1. The Governing Body has the authority to declare equipment, furniture or any other assets or stores surplus to requirements and to arrange for their sale or write off, provided the items concerned were purchased in full or in part from its delegated budget. Land and buildings are always excluded from this authority.
2. Where the estimated disposal value of surplus or redundant assets (equipment) or stores is less than £100 and sale is to be by public auction or competitive tendering, authority for disposal can be given by the headteacher.
3. The prior approval of the governing body will be required where:
 - a. The estimated disposal value is between £100 and £500.

- b. The sale is not to be by public auction or competitive tendering.
4. Where the estimated disposal value is above £500, these must be referred to the Assistant Director (Resources and Efficiency), (as per Norfolk's Scheme for Financing Schools).
 5. A list of equipment disposed of will be presented to the Governing Body at its' next meeting. This list will show, so far as may be known, the item, department, date of manufacture or purchase, values when new and when made redundant (estimated where necessary) and disposal value.
 6. The school's inventory will be amended to show disposals and such entries will be endorsed by the headteacher.
 7. Where the school originally claimed back the VAT when making the purchase they should also account for VAT when recording the sale. For example, if a school purchased an item and claimed back the VAT and then sold the item for £117.50 they should enter £100 net and £17.50 VAT into the school records.
 8. The net income (i.e. excluding the VAT) from the sale of surplus or redundant assets or stores purchased from the school budget will be credited back into the school budget.

Appendix E

Refunds Policy.

If there is a surplus for any single activity of more than £5.00 per child, the Governors will offer parents the opportunity to request a refund. Any funds below this amount will be added to the Main School Account for further educational purposes.

- The full contribution to a trip may be refunded, where practical, if a child is absent due to illness.
- If a trip has to be cancelled by the school, parental contributions will be refunded.
- If contributions to a trip exceed the total cost a refund will be given, if the excess is over £3.00 per child.
- Excess income that is less than £3.00 per child will be paid into the Main School Account.
- Any excess of expenditure will be funded by the Main School Account.

Monitoring, Evaluation and Review

The Governing Body will review this policy regularly and assess its implementation and effectiveness. The policy will be promoted and implemented throughout the school.
